CAREER OBJECTIVE

A dedicated computer science graduate, to secure a challenging role in software development as Frontend Intern, where I can leverage my technical skills, problem-solving abilities, and knowledge of modern technologies to contribute to innovative and impactful projects. With a strong foundation in programming, web development, and software engineering principles.

EDUCATION

- **Federal University Otuoke, Bayelsa State, Nigeria**   Nov. 2018 - Dec. 2023
  Bachelor of Science in Computer science & Informatics
  GPA: 3.95/5.00

EXPERIENCE

- **UPWORK**   Oct 2024 - Present
  Freelance Frontend Web developer
  - Developed responsive web applications for clients using HTML, CSS, JavaScript, and React.
  - Collaborated with clients to understand project requirements and delivered high-quality solutions.
  - Managed projects effectively, meeting deadlines and exceeding client expectations.

- **NATIONAL YOUTH SERVICE CORPS (NYSC)**   April 2024 - Present
  Corps Member
  - Participated in community development projects, enhancing teamwork and leadership skills.
  - Taught over 50 students the fundamental concepts of computer science, covering both theory and practical applications.
  - Developed valuable skills in adaptability, time management, and problem-solving.
  - Contributed to national development through mandatory service.

- **STUTERN - LAGOS, NIGERIA**   Sep. 2022 - Aug. 2023
  Frontend Development Trainee
  - Gained hands-on experience in frontend development using modern technologies (React, JavaScript, CSS, HTML).
  - Participated in coding challenges, hackathons, and group projects.
  - Received mentorship from experienced developers, improving coding skills.

- **GOOGLE DEVELOPERS STUDENT CLUB, FEDERAL UNIVERSITY OTUOKE CHAPTER**
  Google developers student Club Member   Oct. 2019 - Dec. 2023
  - Participated in tech events, workshops, and conferences, expanding knowledge in web development.
  - Collaborated with fellow members on projects, fostering teamwork and innovation.
  - Stayed updated with industry trends and best practices.

- **ICT CENTER, FEDERAL UNIVERSITY OTUOKE, BAYELSA STATE, NIGERIA**   Dec. 2021 - April 2022
  Stutern Intern - SIWES(Student Industrial Work Experience Scheme)
  - Gained practical experience in ICT operations, network administration (device linking, router configuration), troubleshooting, and IT infrastructure/system management.
  - Successfully installed racks, computer systems, Microsoft packages, and JAMB registration packages.
  - Registered 500+ JAMB candidates and created 60+ student ID cards using a data collection system.
  - Developed web development expertise (HTML, CSS, JavaScript, SQL, Python), problem-solving skills through real-world projects implementation.
  - Participated in networking fieldwork under Networking Officer supervision.

PROJECTS

- Hackathons
  - Tech.Care - Technology-based healthcare management solution.
  - Crediease - Financial management and credit monitoring.

- STUTERN Projects
  - Todo List Application - Task management
  - My Portfolio - Personal website as Frontend developer
  - Star War Movies - Web application
  - Netflix Landing Page Clone - Replicated landing page
  - Profile Search Application - User profile search engine
  - Instagram Clone - Social media platform replica

- Collaborations
  - Cien Shopping App - E-commerce platform
  - Crediease - Financial management and credit monitoring

- Personal Projects
  - Simple Calculator - Basic arithmetic calculator
  - Social Link Profile - Centralized social media profile
  - Launch Countdown Timer
  - REST Countries API with Color Theme Switcher

- Academic Projects - Federal University Otuoke
  - Ocrify (Final Year Project) - Optical Character Recognition system
  - Quiz App - Interactive educational quiz application
  - TeamIX - Team Application

TECHNICAL SKILLS

- Programming languages: JavaScript (ES6+), HTML5, CSS3.
- Frontend frameworks/Libraries: ReactJS, Nextjs
- UI libraries: Bootstrap, Material-UI, Tailwind CSS.
- Tools: Git, npm, Webpack, Visual Studio Code (Text Editor), Sass, Canvas.
- Communication and Collaboration Tools: GitHub, Slack, Zoom, Google meet.
- Others: Microsoft Office Packages (Word, Excel, PowerPoint), Responsive Web Design, SEO, Agile methodology.

CERTIFICATIONS

- Certification of complete for Frontend Development Track at Stutern Graduate Acceleration(1.4 Cohort).
- Certificate of Service by Nigerian Association of Computing Students (NACOS)FUO chapter.
- Diploma Certificate in Computer Operation.
- Certificate of Participant for Klusterton 2023 Hackathon.

KEY STRENGTHS

- Excellent Communication, Effective Collaboration, Time Management, Project Management, Research, Leadership, Strong Problem-Solving Skills, Quick learner and adaptability, Passion for web development and staying up-to-date with industry trends.
